

The Long Game. It's no secret that we're pushed to the limit. Today's professionals feel rushed, overwhelmed, and perennially behind. At this event, you'll hear from Dorie Clark, a bestselling author, keynote speaker and top communication coach who will show us how to break out of this endless cycle and create the kind of interesting, meaningful lives we all seek. Dorie will walk us through the lessons of her bestselling book, *The Long Game: How to Be a Long-Term Thinker in a Short-Term World*. She'll show us how to reorient ourselves to see the big picture and tap into the power of small changes that, made today, will have an enormous and disproportionate impact on our future success. With probing questions posed by author and workplace expert, Debbie Epstein Henry, Dorie will share unique principles and frameworks, as well as vivid stories, for you to leverage your time in more efficient and powerful ways than you ever imagined. Join us to finally break out of your frenetic day-to-day routine and transform your life and your career.
